

In 2014 The Campout Sub Committee instituted a few changes in the manner in which rooms and/or cabins will be assigned. It will still be necessary for you to line up at 1pm on the opening day at the registration tent, regardless of whether or not you have pre-registered. After 3pm and for the remainder of the campout, registration will be held on the veranda of the dining hall. This has not changed. What has changed is as follows:

In light of complaints from neighboring campers, the campout committee must insist that rooms or cabins assigned to families include a responsible adult who will reside in the assigned place.

The second change deals with accountability. The campout committee finds it necessary to request that campers who do secure a room or cabin at the campsite sign a consent which will read as follows:

“I/we agree to maintain the lodging allocated to me/us and report any damage to a member of the campout committee. I/we understand that failure to do so or to leave the lodging in disarray will result in my/our forfeiting the opportunity to acquire lodging at future Sudbury Area Campouts.
